## TWO IRISH REGIMENTS SACRIFICED THEMSELVES

To Cover the Retreat of Their Comrades in Serbia.

London, Dec. 13, 8:35 p. m.—How two companies of the Royal Inniskilling Fusiliers, another of the Irish regiments forming the British divisions, which are making a fighting retreat from Serbia, sacrificed themselves to cover the retreat of their comrades is told by the wounded, who have reached British headquarters in Macedonia. The British, according to the correspondent of Reuters' Telegram company, in a despatch from the British headquarters last week, numbered ten to one by the Bulgarians, who were well supplied with rifles and machine guns. Last Monday morning they were awakened by a heavy bombardment by the Bulgarians, who poured a hail of shot and shell on them. Splintering rocks intensified the effect of their fire.

The Bulgarian infantry then advanced to the attack in massed formation and were punished severely, but the scarcity of British guns did not permit them to take proper toll of the advancing Bulgars. The British emptied their rifles rapidly into the crush and tried to stem the tide with their bayonets, but were overborne by sheer weight of numbers and the position was lost. Similarly, the second line was lost and the British fell back on the third line of defenses.

Two companies of Inniskilling, however, held on to the ridge known as Kevia Crest and kept back the Bulgarians the whole morning, although they were supported heavily. Hardly a man escaped, but their stand impressed and delayed the Bulgars, thus giving the British much needed time to complete their defense.

The Bulgarians, the correspondent adds, having suffered heavily, since then attempted no strong offensive up to Sunday.

## BRITISH SCOUTING PARTY DEFEATED ARAB BAND.

Thirty-Five Arabs Were Killed—British Casualties Included 16 Killed.

London, Dec. 13, 5:30 p. m.—The defeat of an Arab band in an engagement with a British scouting party on the Sinai peninsula is announced in an official statement issued in Cairo, Egypt, says a Reuters despatch from that city today, which transmits the statement as follows:

"A band of 300 hostile Arabs was defeated on Saturday by a British scouting party in the vicinity of Matruh, on the Sinai peninsula. The Arabs, 35 of whom were killed and seven captured were driven eastward. British casualties were 16 killed and three officers and 25 men wounded."

## LOSSES IN VALUE OF PURCHASING POWER OF GERMAN MONEY

Marks Fell to Lowest Level in New York Yesterday.

New York, Dec. 13.—The value of purchasing power of German money in this market as represented by marks fell to its lowest known level today, when bills of exchange on Berlin dropped to 17 1-2 a decline of a cent from the recent minimum. In substance, marks, normally quoted at 23 3-4 cents were worth only 19 3-8 cents.

Incidentally, Austrian exchange or kronen fell to lowest rates, but in this instance the decline was sentimental rather than actual, no sales of exchange on Vienna being reported.

The extreme weakness of exchange on the Teutonic countries was ascribed to unconfirmed rumors that the reich bank or imperial bank of Germany contemplates assuming command over all the gold now privately held within the empire.
